A veterinarian is in violation of state civil and criminal statutes if he/she administers or dispenses controlled substances, unless the veterinarian is registered with the Texas Department of Public Safety (DPS).

Please contact the Texas DPS to obtain your application for registration. The web site is: www.txdps.state.tx.us/crs, or call 512-424-2188. You will need to provide your name, including your degree (i.e. DVM) or business activity, mailing address and telephone number.

CONTROLLED SUBSTANCE REGISTRATION REQUIREMENTS

The Board has seen an increasing number of licensees who were unaware that they were required to obtain a Texas Department of Public Safety (DPS) Controlled Substances Registration prior to utilizing controlled substances. Many had confused the requirements with those for a DEA Controlled Substances Registration. These are actually two different registrations and a licensee may be required to have one or both.

Below is a chart that outlines when a licensee must obtain each registration. This chart is based on Board rule §573.43, Misuse of DEA Narcotics Registration, which in turn is based on Texas Department of Public Safety Texas Administrative Code (TAC), Chapter 13, Subchapter B, rule §13.21, Who Must Register; and Title 21 of the United States Code, Controlled Substances Act, Section 822, Persons Required to Register. Please contact our office should you have any questions.

R If you utilize controlled substances in any way, you must have a DPS Controlled Substances Registration!

You must obtain a DEA Controlled Substances Registration if you:
